

Utah RACES Information

To: All Registered Utah RACES Volunteers

From: Bob Craven, Utah RACES Officer

In the event of an emergency or disaster the Utah Division of Emergency Management (DEM) can be notified by calling 801-538-3400 or a request to notify DEM may be made through any Highway Patrol office. During emergencies, when appropriate, the State Emergency Operations Center will monitor the following:

By Telephone:

801-538-1100 - State EOC Operations

801-538-3700 - State EOC Communications

By Radio:

HF: 7272 KHz LSB - Daytime

3920 or 3987.5 KHz LSB - Evenings

VHF: 146.44 MHz Simplex

147.06 MHz Repeater 146.94 MHz Repeater (88.5)

IRLP: Western Reflector channel 9257

EchoLink: SINBAD Conference Server

Statewide Utah RACES Nets

The purpose of these statewide Utah RACES radio nets is to train RACES volunteers to operate and test State, County, and Local Government EOC Emergency Communications, test the RACES volunteer's radio equipment, link stations, EOCs, Agencies, etc. and improve communication between the State Capitol and the remainder of the State.

VHF/UHF/VoIP

The VHF/UHF/VoIP Nets are conducted on the third Thursday of even numbered months from 8:00 until 9:00 PM.

The frequencies of the VHF/UHF/VoIP RACES Net vary depending on what part of Utah you live in. Repeaters in Cache County, Davis County, Iron County, and Washington County as well as the Snowbird Linked Repeater System, the Sinbad Linked Repeater System and the Skyline Linked Repeater System are all linked permanently or temporarily to the IRLP Western Reflector Channel 9257 by their system operators. The EchoLink VoIP resource SINBAD Conference Server is also available during the net.

Please make sure that whatever repeater you use for the net is connected to the Western Reflector channel 9257 or connect by EchoLink using the SINBAD Conference Server.

HF

The HF Nets are conducted on the third Saturday of odd numbered months at 8:00 AM on 3920Khz. +/- QRM.

Only Amateur General Class licensees or above or those lesser class licensees in the presence of a control operator that has an Amateur General Class license or above and registered with Utah RACES, are authorized to transmit on this Net.
